

FIRST 3 YEARS

INFANT MENTAL HEALTH ENDORSEMENT®

Mental Health Mentor-Research/Faculty

Scope of work:
**Research,
Teaching
& Leadership**

Serves children
ages 0-3

WHO

Faculty Member, Researcher,
Program Evaluator, etc.

DO YOU...

- Support parent-infant relationship-based therapies and practices to explore issues including attachment, separation, trauma, and loss that affect the development and care of the infant?
- Write articles and books on infant mental health principles and practice?

DO YOU...

- Promote research projects intended to increase the body of knowledge about infant mental health, early development, and effective interventions?
- Generate research that reflects cultural competence in the infant mental health field?
- And more?

IF YOU ANSWERED YES...

You are a leader in university-level teaching and/or published research related to infant mental health principles and practices, in the context of family and other caregiving relationships, and other leadership activities at the local, regional and/or state level.

RECOGNIZE YOUR EXPERTISE

Endorsement® connects your professional experiences with a set of competencies that recognize your infant mental health research/teaching expertise.

BENEFITS OF ENDORSEMENT®

- Enhance the quality of your relationship-based services
- Participate in ongoing and targeted professional development opportunities
- Join an international network of infant mental health professionals
